PROJECTS

CULTURE VOYAGE (Web and App) –*FINAL YEAR PROJECT*

- Developed "Culture Voyage," an innovative online platform for global cultural exchange, enabling users to share and learn about diverse cultures through multimedia content, community engagement, and personalized recommendations.
- Implemented key features like user authentication and real-time interactions using **React**, and **Firebase**.

RECIPE RECOMMENDATION APPLICATION

- Developed a recipe recommendation application in React Native with key features: exploring recipes, liking, saving, and creating custom recipes.

HOME LINKER (Web App)

- Connecting you to your future home. Home Linker simplifies the process of buying, selling, and renting properties, offering a seamless experience tailored to your needs.

EXPERIENCE

Punjab Freelance Academy
